The aim of this book is to help students write mathematics better. Throughout it are large exercise sets well-integrated with the text and varying appropriately from easy to hard. Basic issues are treated, and attention is given to small issues like not placing a mathematical symbol directly after a punctuation mark. And it provides many examples of what students should think and what they should write and how these two are often not the same.

With this book, you can begin caring for your car like a professional, achieving dramatic and financially beneficial effects almost immediately. It teaches you the importance of using specific products for specific tasks, how to properly clean wheels, paint decontamination, polishing paintwork, waxing, interior maintenance, leather care, using a clay bar and much, much more. The step-by-step guides explain the purpose and importance of each process in a straightforward manner, and will help you carry out more complicated procedures – such as cleaning the engine bay – without causing any damage. With helpful illustrations and advice based on the author's many years' of valeting experience, this book will get your car looking great.

In Foley Is Good, Mick Foley -- former Commissioner of the World Wrestling Federation, aka Cactus Jack, Dude Love, and Mankind -- picks up right where his smash #1 New York Times bestseller Have a Nice Day! left off, giving readers an inside look at the behind-the-scenes action in the Federation. With total honesty and riotous humor, Mick Foley shines a spotlight into some of the hidden corners of the World Wrestling Federation. From the ongoing controversy surrounding "backyard wrestling" to the real story behind his now-infamous "I Quit" match with The Rock, Foley covers all the bases in this hysterically funny roller-coaster ride of a memoir.

There is a Haynes manual for most popular domestic and import cars, trucks, and motorcycles. By conducting complete tear-downs and rebuilds, the Haynes staff has discovered all the problems owners will find in rebuilding or repairing their vehicle. Documenting the process in hundreds of illustrations and clear step-by-step instructions makes every expert tip easy to follow. From simple maintenance to trouble-shooting and complete engine rebuilds, it's easy with Haynes.
