Buick Century (2002–2003) – fuse box diagram – Auto Genius
I have 2002 Buick Park Avenue. After a day or two of the car just sitting the battery needs to be jumped. I have changed the battery with a new battery but the same thing happens. I measured the voltage at the battery while the car is running and I read 14 volts from the alternator so the battery is being charged. But what I have noticed after the engine has been turned off and the courtesy ...
