ACEA publishes its Automotive Industry Pocket Guide

the automobile industry pocket guide The automotive industry is a key contributor to the European economy and society. The ongoing economic turmoil we have been facing over the last years has shown the importance of maintaining a strong manufacturing base in the EU because of its strength as a source of growth and jobs. The European vehicle manufacturers are global players, driving innovation ...

2012

This new Pocket Guide paints a picture of a changing industry, one that is beginning to slowly recover from the shocks of the economic crisis of the late 2000s. Revised employment data shows that 12.1 million people now work directly or indirectly in the automotive sector, producing 17.2 million cars, vans, trucks and buses a year.
