~~Chapter 16 endocrine system~~

After studying this chapter,  
you will be able to:

Distinguish between anatomy  
and physiology, and identify  
several branches of each;

Describe the structure of  
the body, from simplest to  
most complex, in terms of  
the six levels of

organization; Identify the  
functional characteristics  
of human life; Identify the  
four requirements for human  
survival
