The NHS payment regime for admitted patients (Inpatients, Daycases, Maternity, Emergency admissions) is 100% based on the clinical coding - if the coding doesn't fully reflect the patients stay they hospital won't receive the correct amount of money to cover what they did for the patient - hence pressure on coders to be as detailed and specific as possible with the coding. (the clinical codes are put through something called an HRG grouper that determines the price).
