University

The rule of law is a different way of doing authority, replacing the will of the monarch, priest or cultural leader with a set of rules that are based on explicitly agreed constraints on power. It is not just our power as ordinary mortals to do what we want that is controlled by these rules standing above us.

What is law? | The British Academy

BCG is given as a single intradermal injection at the insertion of the deltoid. If BCG is accidentally given subcutaneously, then a local abscess may form (a "BCG-oma") that can sometimes ulcerate, and may require treatment with antibiotics immediately, otherwise without treatment it could spread the infection causing severe damage to vital organs. An abscess is not always associated with incorrect administration, and it is one of the more common complications that can occur with the ...
