Fry was Captain of England at cricket, played soccer for England, and became the joint-holder of the world long-jump record. But he was much more than a sportsman.

Charles Burgess Fry, known as C. B. Fry was an English polymath; an outstanding sportsman, politician, diplomat, academic, teacher, writer, editor and publisher, who is best remembered for his career as a cricketer. Fry's achievements on the sporting field included representing England at both cricket and football, an F.A. Cup Final appearance for Southampton F.C. and equalling the then world record for the long jump. But he was much more than a sportsman. He won a major scholarship to Oxford, where his friends numbered Max Beerbohm, Hilaire Belloc, and F.E. Smith. He wrote several books, including an autobiography and a novel, and he was one of the most successful journalists of his day. He was a friend of many prominent Labour and Liberal politicians, but flirted with Fascism, meeting Hitler in 1934. He tried out for Hollywood, represented India at the League of Nations, and stood for Parliament three times. "A most incredible man . . . the most variously gifted Englishman of any age . . . the pre-eminent all-rounder, not merely of his own age but, so far as is measurable, of all English history," John Arlott; "This is a well-researched, well-rounded picture of one of England's great sporting heroes." - Jeremy Paxman, Mail on Sunday; "He has written what should come to be regarded as one of the very best sporting biographies. I could not put it down." - Michael Kennedy, Sunday Telegraph; "This is a book that rises to its subject's level in fascination, entertainment and brilliance." - Tim Rice, Literary Review

C.B. Fry was Captain of England at cricket, playednbsp;soccer for England, and became the joint-holder of the world long-jump record. But he was much more than a sportsman. He won a major scholarship to Oxford, where his friends numbered Max Beerbohm, Hilaire Belloc, and F.E. Smith. He wrote several books, including an autobiography and a novel,nbsp;and he was one of the most successful journalists of his day. He was a friend of many prominent Labour and Liberal politicians, but flirted with Fascism, meeting Hitler in 1934. He tried out for Hollywood, represented India at the League of Nations, and stood for Parliament three times.

'Cricket is an Indian game accidentally invented by the English,' it has famously been said. Today, the Indian cricket team is a powerful national symbol, a unifying force in a country riven by conflicts. But India was represented by a cricket team long before it became an independent nation. Drawing on an unparalleled range of original archival sources, Cricket Country is the story of the first 'All India' cricket tour of Great Britain and Ireland. It is also the extraordinary tale of how the idea of India took shape on the cricket field in the high noon of empire. Conceived by an unlikely coalition of colonial and local elites, it took twelve years and three failed attempts before an 'Indian' cricket team made its debut on the playing fields of imperial Britain. This historic tour, which took place against the backdrop of revolutionary politics in the Edwardian era, featured an improbable cast of characters. The team's young captain was the newly enthroned ruler of a powerful Sikh state. The other cricketers were chosen on the basis of their religious identity. Remarkably, for the day, two of the players were Dalits. Over the course of the blazing Coronation summer of 1911, these Indians participated in a collective enterprise that epitomizes the way in which sport -- and above all cricket -- helped fashion the imagined communities of both empire and nation.

Buruma's prismatic, fascinating first novel is a portrait of Ranji, the cricket player who was "not simply the greatest cricketer of all time, but a fairy tale prince . . . so famous that children sang songs about him, and grown men wept when they saw him

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou 's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother 's side in St. Louis, Maya is attacked by a man many times her age--and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (" I met and fell in love with William Shakespeare ") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. " I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity. " ---James Baldwin From the Paperback edition.

Intellectual Eroticism is a series of poems aimed at the sapiosexual mind. To take many different intellectual approaches, hoping to press the mental buttons that control the stimulation of said mind. No two are the same, so of course there is "herdplay" (Power Cosmic), for the scientific and rational mind. Wordplay, (Mental Spillage), that paints vivid pictures for those with a passionate fantasy mindset. As well as tones of animalistic aggression and or comedic timing (She Wants Me) that may also create mental friction or heat. The "Intellectual Series" of books will explore the mind erotically, romantically and even politically as future books join the series. Hoping to not only spark thought, but positive conversation. The first book in the series "Intellectual Eroticism" looks to evoke mental stimulation and conversation that leads to the kind of physical confrontation that you can appreciate again, and again... And again...

THE DEFINITIVE GUIDE TO THE ULTIMATE INTERGALACTIC BATTLEFIELD Like many a great epic, Star Wars is rooted in a rich history of armed conflict. Now, for the first time, the facts, figures, and fascinating backstories of major clashes and combatants in the vast Star Wars universe have been documented in one fully illustrated volume. Extensively researched and inventively written, Star Wars: The Essential Guide to Warfare combines action-filled narrative with encyclopedic knowledge that:
• explores notable military units and groups
• traces the development of significant armaments and technologies
• profiles key warship classes, ground units, and manufacturers
• provides capsule biographies of great military leaders
• presents eyewitness troopers' accounts of combat
• plus—enough additional profiles, intel, history, and lore to span the cosmos! Encompassing all of the Star Wars media, including the legendary films, the hit TV series Star Wars: The Clone Wars, the bestselling books, comics, and videogames, and packed with original artwork, Star Wars: The Essential Guide to Warfare is a conquering achievement.

This fascinating new book reveals the origins of the Vikings—from Thor and Laif Erikson to Loki and the Valkyries—and the tales that have influenced our own lives. For thousands of years, Vikings have held a storied place in our culture—their distinct appearance, their mighty longships, their reputation for causing death and destruction. But who were these strange and mysterious folk? The Book of Viking Myths retells the stories of the Viking people, with myths of their gods and goddesses, monsters, and great heroes. From tales of the beautiful and powerful Freyja, to the gold-toothed Heimdallr, to the wolf Fenrir, Peter Archer explores all the figures and tales that make up Norse mythology. Along with these legends of seafaring, dwarves, giants, and the exploits of Thor, you will also discover the influences that Viking culture has had on our own lives. It 's a true exploration of Nordic culture—and a glimpse into the history and lore of these fabled Nordic warriors.
