volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are provided are subjective. Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1, 1990 to December 31, 1999. This more than doubles the number of sleuths introduced in the 1980s (298 of whom were covered in Volume 2) and easily exceeded the 347 series (and some outstanding individuals) described in Volume 1, which covered a 130-year period from 1860-1979. It also includes updates on those individuals covered in the first edition; changes in status, short reviews of books published since the first edition through December 31, 2008.
