On both of my PC's with Windows 10 installed I get the Welcome Screen that stays on for 10 seconds when I first start up or restart the PC. It stays on only 10 seconds but to me it it's a pain in the neck especially since I replaced my hard drives with solid state hard drives so everything should go nice and fast. I have no problem with the password since I got rid of that long ago.

Elise had about to change into the dress that was lying on the corner of her bed when she heard a knock lightly calling from her door. Curious, she turned the door knob only to have a tall man towering in front of her.

“ Master Ian! ” She called. Ian smiled with the usual mischievous smirk that he always used. His crimson eyes trailing a little over her room and spotted the black dress over her bed and shifted his eyes over to the woman in front of him. He stepped forward and spoke. “ Where did you acquire that dress? ” “ Mr. Harland gave it to me. ” Elise replied and strained her neck to see Ian ’ s brows knitted in its elegance. “ Do you know why a man would love to give a woman a dress? ” He gave the riddle that she always had to think twice before replying. Outcast from Hell. Banished from Heaven. Lost on Earth. The battle of Armageddon was finally fought... and ended with no clear victor. Upon the mountain, the armies of Hell and Heaven beat each other into a bloody, uneasy standstill, leaving the Earth in ruins. With “beautiful, lucid” (Los Angeles Times) lyricism, *Demon Camp* is the riveting true story of a veteran with PTSD and an exploration of the battles soldiers face after the war is over.
