Discover Biology 6th edition textbook is used in my course I'm enrolled in, biology 41. The book is useful because the chapter reading assignments are taken from this textbook. I enjoy reading the book and all the picture examples on each page. The pictures and illustrations help me understand the terms that are discussed in class lectures.

## **W. W. Norton - Discover Biology, Sixth Edition**

Edition Five of MBoC  
continues the line of  
quality initiated by Edition  
One. It presents an almost  
encyclopedic approach to  
up-to-date coverage of cell  
biology and in doing so just  
happens to also provide  
reasonably complete coverage  
of biochemistry and  
molecular biology. It  
reflects the concept that  
modern biology is all  
molecular.
