Towns have usually accommodated great social diversity, making them places of magnificent human achievements as well as sometimes-violent struggles over resources and power. The words town and city are largely interchangeable, with the former used more in Britain than in the United States, where it is typically reserved for smaller settlements. The names are applied to places with substantial clusters of residents and buildings as well as complex social and economic structures.

City populations are in some cases the population of a municipality, but municipalities can be smaller than the city proper, or they may include vast rural areas. LookLex definition of a city or town requires continued settlement, and defines the border between neighbouring cities to be the administrative border, a river or a major highway.
