Krakauer ' s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

A New York Times Bestseller "The Wild Truth is an important book on two fronts: It sets the record straight about a story that has touched thousands of readers, and it opens up a conversation about hideous domestic violence hidden behind a mask of prosperity and propriety." – NPR.org The spellbinding story of Chris McCandless, who gave away his savings, hitchhiked to Alaska, walked into the wilderness alone, and starved to death in 1992, fascinated not just New York Times bestselling author Jon Krakauer, but also the rest of the nation. Krakauer's book, Into the Wild, became an international bestseller, translated into thirty-one languages, and Sean Penn's inspirational film by the same name further skyrocketed Chris McCandless to global

fame. But the real story of Chris ' s life and his journey has not yet been told - until now. The missing pieces are finally revealed in *The Wild Truth*, written by Carine McCandless, Chris's beloved and trusted sister. Featured in both the book and film, Carine has wrestled for more than twenty years with the legacy of her brother's journey to self-discovery, and now tells her own story while filling in the blanks of his. Carine was Chris's best friend, the person with whom he had the closest bond, and who witnessed firsthand the dysfunctional and violent family dynamic that made Chris willing to embrace the harsh wilderness of Alaska. Growing up in the same troubled household, Carine speaks candidly about the deeper reality of life in the McCandless family. In the many years since the tragedy of Chris's death, Carine has searched for some kind of redemption. In this touching and deeply personal memoir, she reveals how she has learned that real redemption can only come from speaking the truth.

No one writes about mountaineering and its attendant hardships and victories more brilliantly than critically acclaimed author Jon Krakauer. In this collection of his finest work from such magazines as *Outside* and *Smithsonian*, he explores the subject from the unique and memorable perspective of one who has battled peaks like K2, Denali, Everest, and, of course, the Eiger. Always with a keen eye, an open heart, and a hunger for the ultimate experience, he gives us unerring portraits of the mountaineering experience. Yet *Eiger Dreams* is more about people than about rock and ice—people with that odd, sometimes maniacal obsession with mountain summits that sets them apart from other men and women. Here we meet Adrian the Romanian, determined to be the first of his countrymen to solo Denali; John Gill, climber not of great mountains but of house-sized boulders so difficult to surmount that even demanding alpine climbs seem easy; and many more compelling and colorful characters. In the most intimate piece, “ *The Devils Thumb*,” Krakauer recounts his own near-fatal, ultimately triumphant struggle with solo-madness as he scales Alaska's Devils Thumb. *Eiger Dreams* is stirring, vivid writing about one of the most compelling and dangerous of all human pursuits.

*INTO THE WILD* is based on a true story and the bestselling book by Jon Krakauer. After graduating from Emory University in 1992, top student and athlete Christopher McCandless (Hirsch) abandons his possessions, gave his entire \$24,000 savings account to charity and hitchhiked to Alaska to live in the wilderness. Along the way, Christopher encounters a series of characters that shape his life.

*Moral Ground* brings together the testimony of over eighty visionaries—theologians and religious leaders, scientists, elected officials, business leaders, naturalists, activists, and writers—to present a diverse and compelling call to honor our individual and collective moral responsibility to our planet. In the face of environmental degradation and global climate change, scientific knowledge alone does not tell us what we ought to do. The missing premise of the argument and much-needed center piece in the debate to date has been the need for ethical values, moral guidance, and principled reasons for doing the right thing for our planet, its animals, its plants, and its people. Contributors from throughout the world (including North America, Africa, Australia, Asia, and Europe) bring forth a rich variety of heritages and perspectives. Their contributions take many forms, illustrating the rich variety of ways we express our moral beliefs in letters, poems, economic analyses, proclamations, essays, and stories. In the end, their voices affirm why we must move beyond a scientific study and response to embrace an ongoing model of repair and sustainability. These writings demonstrate that scientific analysis and moral conviction can work successfully side-by-side. This is a book that can speak to anyone, regardless of his or her worldview, and that also includes a section devoted to “ *what next* ” thinking that helps the reader put the words and ideas into action in their personal lives. Thanks to generous support from numerous landmark organizations, such as the Kendeda Fund and Germeshausen Foundation, the book is just the starting point for a national, and international, discussion that will be carried out in a variety of ways, from online debate to “ *town hall* ” meetings, from essay competitions for youth to sermons from pulpits in all denominations. The “ *Moral Ground movement* ” will result in a newly discovered, or rediscovered, commitment on a personal and community level to consensus about our ethical obligation to the future.

"The gripping articles collected in *Classic Krakauer*--originally published in magazines such as *The New Yorker*, *Outside*, and *Smithsonian*--show why he is considered a standard-bearer of modern journalism. Spanning an extraordinary range of subjects and locations, these pieces take us from a horrifying avalanche on Mount Everest to a volcano poised to obliterate a big chunk of Seattle; from a wilderness teen-therapy program run by apparent sadists to an otherworldly cave in New Mexico, studied by NASA to better understand Mars; from the notebook of one Fred Beckey, who catalogued the greatest unclimbed mountaineering routes on the planet, to the last days of legendary surfer Mark Foo. Rigorously researched and vividly written, marked by an unerring instinct for storytelling and scoop, these pieces are unified by the author's ambivalent love affair with unruly landscapes and his relentless search for truth"--
