The deeply layered Bengali medical archive has been explored here in unprecedented detail. One can be certain that “ Nationalizing the Body ” will remain a crucial reference point not just for the histories of medicine in South Asia but colonial medicine more generally. ’ —Rohan Deb Roy University of Cambridge, ‘ Canadian Bulletin of Medical History ’

Nationalizing the Body: The Medical Market, Print and ...

In Nationalizing the Body, Projit Mukharji presents a meticulously researched construction of the identity of Daktari physicians, or Indian practitioners of Western medicine, through the late nineteenth and early twentieth century in British Colonial Bengal. With new and compelling views and evidence, Mukharji's revisits a critical theme in the history of medicine in the colonial context.
