From the early days of recorded biblical history, music has played an important role in worshippers praising God in song with voice and instruments. Christians throughout the world today still praise the Lord in song. Music has played an important role in the New Apostolic Church for many years. Music is promoted to a great extent in the New Apostolic Church. The cultural life of the NAC has continued to develop, just as it has opened to the public. In addition to traditional church choirs, which are sometimes known among other denominations due to their quality, there are progressive music groups and ensembles which also perform publicly.

The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis’s popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of Catholicism: A Journey to the Heart of the Faith and James Martin, SJ, author of Jesus: A Pilgrimage

Excerpt from Apostolic Hymns and Songs: A Collection of Hymns and Songs. Both New and Old, for the Church, Protracted Meetings, and the Sunday Schools Apostolic Hymns and Songs has been prepared with the idea of presenting the Apostolic teaching, the Gospel, with all its facts, commands, and promises, in song, in such a manner that "sense and sound" may go together. Especial attention has been given to the adaptation of hymns and songs for protracted and social meetings that the whole congregation can sing, and the effort has been made to utilize the singing of the Sunday-school in the church, the author regarding it as a great mistake to make a distinction between church and Sunday-school music. The time to teach the plain, grand old melodies is in childhood, that in all after years the songs of childhood may be the songs of age, which can never be done with the "hop, skip and jump" music that is evanescent in its character and not adapted to congregational singing. Consequently many of the old melodies, those that have stood the test of public judgment, have been selected in preference to new ones. At the same time, a sufficient number of new hymns and songs have been prepared to give variety and interest in the work to those who desire something new, and the author flatters himself that many of them will meet with a hearty reception by those who appreciate pure, sweet, and scriptural songs. The department of music and harmony has been under the supervision of Prof. Z. M. Parvin, whose reputation as a composer and harmonist is a sufficient guarantee that this part of the work is well done. Credit has been given in the proper place to the authors of both words and music, as far as possible; and to the many friends who have contributed to these pages, we desire to express our thanks. From Justin Bieber, to Sarah Palin and Michele Bachmann, to the controversial documentary Jesus Camp (2006), the New Apostolic Reformation’s influence can be seen everywhere in mainstream America. Beginning with an examination of the Latter Rain, Church Growth and Shepherding movements, this book explores how the new Reformation has become one of the most powerful movements in modern evangelical Christianity and a major influence on American political and cultural life. The author describes the New Apostolic Reformation’s organization, how the movement spread and its national and international objectives.

This critique provides a framework for understanding and interpreting the widespread but little-known New Apostolic Reformation (NAR) movement. As the authors state in the preface: "We write this book with two major goals in mind. First, to give people an idea of the sheer size and reach of the NAR movement. And second, to systematize its key teachings and practices and evaluate them on the basis of Scripture and careful reasoning .... In our judgment, the NAR perspective crosses these boundaries [that is, certain broad parameters, revealed in Scripture and practiced in the historical orthodox church], and it does so in part because of flawed theology rooted in a flawed understanding of Scripture. We wish to warn readers about a possible confusion: Some critics have linked the NAR movement with mainstream Pentecostalism and charismatics. We do not do this. In fact, it is our contention that the NAR movement deviates from classical Pentecostal and charismatic teachings. This movement has emerged out of independent charismatic churches and, thus, has gained a foothold in many of those churches in varying degrees."
