Each option contract gives you the right to buy (a call option) or sell (a put option) 100 shares of stock at a specific price (the strike price) by a specific date in time (the expiration date). When you buy an option, you hope that the stock will move in your predicted direction, and quickly enough to make a profit.

Before you can buy or sell an option, you must decide on the terms of the contract. You must know: 1> The underlying stock symbol (the actual stock you have a right to purchase or sell). 2> The price you wish to buy or sell the stock at (called the strike price). 3> The deadline you want when the option expires (closer the deadline the less the option costs).
