Pathological Altruism

Pathological Altruism is a book edited by Barbara Oakley, Ariel Knafo, Guruprasad Madhavan, and David Sloan Wilson. It was published on 5 January 2012 by Oxford University Press, and contains 31 academic papers. Oakley defines pathological altruism as "altruism in which attempts to promote the welfare of others instead result in unanticipated harm."

Pathological Altruism - Wikipedia

In essence, pathological altruism might be thought of as any behavior or personal tendency in which either the stated aim or the implied motivation is to promote the welfare of another. But instead of overall beneficial outcomes, this altruism instead has irrational (from the point of view of an outside

attempts to help others that instead harms others or oneself and where this harm could have been reasonably anticipated. It is often caused by cognitive and/or emotional biases that blind people to the potentially harmful consequences of their actions.

Pathological altruism - Metapedia
Altruism is defined in different ways throughout the book, but the common theme is that altruism involves "unselfish concern for the welfare of others" as well as actions that are beneficial to them.¹ Our efforts to do good often have unintended and unanticipated consequences that are detrimental both to the object of the charity and to the person performing the good deeds.

In essence, pathological altruism might be thought of as any behavior or personal tendency in which either the stated aim or the implied motivation is to promote the welfare of another.

Pathological Altruism—An Introduction - Oxford Scholarship

One phrase I have heard repeated around nationalist circles on the Internet is 'pathological altruism'. When analysing the psychology of a large group of people – as big as a nation, for example – this concept means an ingrained kindness in a people that has been taken to such an extreme as to be harmful to the group of people in question.

Pathological Altruism - Barbara Oakley; Ariel Knafo ...

Pathological Altruism takes matters to extremes, to Fanaticism. It was defined by Professor Oakley as "altruism in which attempts to promote the welfare of others instead result in unanticipated harm." She gives examples of disastrous public policy decisions. Encouraging home ownership sounds good.

Pathological altruism was particularly associated with aspects of vulnerable narcissism— including the need for admiration and a high frequency of shame— as well as fear of rejection, losing emotional contact, and losing control. These fears were reflected in the reasons for helping others: those scoring higher on pathological altruism were much more likely to report that they help others to avoid rejection and criticism and to gain approval and to please others.
