The book was an old library book and quite used, but the seller was up front about it. I have several of the "for dummies" books and love the layout. I am missing the yellow repositioning tabs in this book though, they are really helpful. Read more. Helpful. Comment Report abuse. SettlingIn. 5.0 out of 5 stars Midwest Reader.

I'm not a big fan on the "Dummies" series, but this one is excellent. Less patronising and straining to be fun and friendly than most of them. The author offers a very wide range of ways to approach relaxation, recognising that different things work for different people. The CD is also good - he has a very gentle calming voice.
