Competitive cheer is the fastest growing sport in Michigan, proving bystanders all across the state wrong about cheerleading (Klemish, 1). The first documented cheer " gathering " was in early 1877. Princeton university had what was known as " Princeton Cheer", recorded on February 22, 1877.

Cheer Research Paper - Jhaylee's English Portfolio

The fact that cheerleading ' s primary purpose is to give support to the college or high school athletes it gives competition the second position. This means that cheerleading is more than just a sport. To gain more support that cheerleading is a sport, the USA cheer, in 2011, launched a sport called STUNT.

Provides information on how cheerleading has evolved from a sideline support team to a highly competitive team sport with its own competitions.

Cheerleading, an American invention with roots in the institutions of sport and education, has become a staple in American culture, and the cheerleader is a nationally recognized symbol, invested with both positive and negative cultural values. The cheerleader is an icon, an instantly recognized symbol of youthful prestige, attractiveness, leadership, and popularity. Equally recognized is the cheerleader as symbol of mindless enthusiasm, shallow boosterism, and objectified sexuality. How the cheerleader came to represent both is explored in this extensively documented book spanning the history of cheerleading. Issues include the social context of the institutionalization and adult control of cheerleading; the changing patterns of social class, age, race, and gender of participants; the development of cheerleading in professional sports in the early 1960s and its relation to mass media entertainment and advertising; the evolution of its style and content; and the meanings, values, and symbolism associated with cheerleading in American culture.

I Hate Writing may be the only "page-turner" textbook out there. J.M. Bohannon gives her readers invaluable writing advice, using an uplifting, modern voice tinged with humor. She takes her readers through the stages of writing a paper, giving detailed advice on how to find topics, turn ideas into words, and organize those words into coherent paragraphs with seamless transitions. She shows her readers how to revise their own work and through her "Critical Q's" teaches them to become critical readers. She also explains how to find outside sources and how to include those sources in a paper. "Too many students approach writing at the university level as a scientist approaches a volatile experiment: with protective suit, goggles, gloves, and forceps. They struggle to write without contaminating that writing with anything resembling personality. Don't let that student be you. Your unique voice should blast through your writing, letting everyone know there's a person behind your words."
