About this presentation. "Rock Your World" will educate students and teachers about the many ways that rocks and minerals are used in our everyday world. It helps connect the sparkly and colorful things seen in rock and mineral sets to everyday items derived from these rocks and minerals. Geologist John Mikels will show samples of some of these rocks and minerals and discuss how they're used:

After her run on rock radio, Steele built a consulting and motivational-speaking business partly on the lessons she learned from wildly successful people in the music business. Her advice for success-dispensed in brief dollops shorter than a page (often just one sentence)-is ridiculously sane.

Would you like your business... ..to burst into public awareness like Lady Gaga? ...to have the long-lived success of Mick Jagger? ...to demonstrate the creativity of The Beatles? We don't normally think of the music business as a source of entrepreneurial insight, but we should. The best bands have longevity, a depth of customer loyalty, and a level of profitability that puts most businesses to shame. And what they know—about marketing, partnerships, the power of bartering, and overcoming obstacles—isn't taught in any business school. David Fishof has lived at the center of the music business for more than 25 years. From his early successes in reuniting The Monkees and convincing Ringo Starr to launch his All Starr tour, to his current megasuccess as founder and CEO of Rock 'n' Roll Fantasy Camp™, Fishof has learned from the leading minds in the music business—and has applied this learning in one entrepreneurial venture after another. Filled with insights from Fishof's amazing exploits in the music industry and seasoned with business tips from music legends, Rock Your Business provides important and original business insights from an unlikely source—the world of rock and roll.

Part science, philosophy, spirituality, this book draws on a wide spectrum of sources, from the sciences to the insights of the world's greatest spiritual leaders.

Nearly all of us have to pitch or present our ideas, whether in a formal setting after lunch to a hundred jaded salespeople, in a lecture theatre or classroom, putting over our thoughts to a team of colleagues, or even selling a concept one-on-one to your boss. In all these situations we can choose between

delivering a message that sounds like muzak, or one that wakes the listener up. Most presentations and pitches could benefit from being 'rocked up' - becoming more dynamic and memorable, in ways that arouse the passion of the audience. By applying the ideas in ROCK YOUR PRESENTATION you can deliver better, livelier and more emotionally engaging talks which leave audiences with the kind of high you get from being in a crowd at a great concert. Barlow applies the rock'n'roll metaphor throughout the book, turning what, to many, is a stressful subject into an exciting and fun exercise you can't wait to try out. So take the Van Halen approach to planning your presentation, deliver it like a hit song with a chorus and a bridge, play a few well-rehearsed power chords and set your audience ablaze.

Dynamic, funny, and inspiring photos of global entertainment icon, entrepreneur, and trailblazer, Dwayne "The Rock" Johnson, featuring twenty years' worth of candid, family moments, and snapshots from film and television sets, many never-before-seen. Hiram Garcia, who has known Dwayne Johnson since college, is a longtime collaborator, producing partner, and talented photographer. As a film and television producer as well as in his role as the President of Production at Seven Bucks Productions, Garcia has unprecedented access to capture images on the sets of Seven Bucks' films including such blockbuster hits as Jumanji: The Next Level, Jungle Cruise, Fast and Furious Presents: Hobbs & Shaw, and more. As one of his closest friends, Garcia knows Johnson inside and out, and that deep relationship informs the photographs he shares in this book. Whether it's an action-packed photo snapped during an intense film take, or a relaxed and candid shot of Johnson with his daughters, Garcia focuses his lens on the qualities he most admires in his friend: his extraordinary work ethic, his infectious smile, his empathy and sense of humor, and the joy and determination Johnson brings to everything he does. With scores of photos—most of them never been seen before and taken over two decades—The Rock: Through the Lens: His Life, His Movies, His World is enhanced by captions revealing the inside stories behind these remarkable images.

How did the newspaper, music, and film industries go from raking in big bucks to scooping up digital dimes? Their customers were lured away by the free ride of technology. Now, business journalist Robert Levine shows how they can get back on track. On the Internet, "information wants to be free." This memorable phrase shaped the online business model, but it is now driving the media companies on whom the digital industry feeds out of business. Today, newspaper stocks have fallen to all-time lows as papers are pressured to give away content, music sales have fallen by more than half since file sharing became common, TV ratings are plummeting as viewership migrates online, and publishers face off against Amazon over the price of digital books. In Free Ride, Robert Levine narrates an epic tale of value destruction that moves from the corridors of Congress, where the law was passed that legalized YouTube, to the dorm room of Shawn Fanning, the founder of Napster; from the bargain-pricing dramas involving iTunes and Kindle to Google's fateful decision to digitize first and ask questions later. Levine charts how the media industry lost control of its destiny and suggests innovative ways it can resist the pull of zero. Fearless in its reporting and analysis, Free Ride is the business history of the decade and a much-needed call to action.
