1967. The text is divided into 10 modules, beginning with a module on selected issues in OSH, then on the duties of various categories of person, safety, health, welfare, training, enforcement, notification procedures, emergency preparations, and guides to OSH management. Instructions and directives arising from the issues are laid out with supporting legislative provisions. The book is written in simple non-technical and non-legalistic fashion and without lengthy discussions on any topic. The use of English enables readers to find the right flavour in reading the rules and regulations.
