That's what the great German social psychologist, psychoanalyst, and philosopher Erich Fromm (March 23, 1900–March 18, 1980) examines in his 1956 masterwork *The Art of Loving* (public library) — a case for love as a skill to be honed the way artists apprentice themselves to the work on the way to mastery, demanding of its practitioner both knowledge and effort.

Fromm questions if love is an art, in which case it requires knowledge and effort. Or, instead is it a warm fuzzy feeling that, with luck, might bring happiness? His book is based on the former premise and he begins to outline how love has been misunderstood, then covers three main errors our culture employs when assessing love.

Are you:-- seeking to renew a relationship? -- considering a new relationship? -- troubled with establishing a long-term relationship? -- divorced and trying to understand why your marriage failed? -- experiencing problems in love, romance, sex, intimacy or marriage? -- a therapist or counselor who would like to provide an accessible resource for your clients? -- Millions of books on relationships have been printed over the years. Why do we need another? We need *The Art of Love: The Craft of Relationship* for the same reasons that over four and a half million readers wanted Spencer Johnson's *Who Moved My Cheese*. Following Johnson's methods of teaching to a broad, modern audience, *The Art of Love: The Craft of Relationship* presents the profound principles that form a loving relationship in an easily accessible manner. Using a very simple approach, it will help people shift their attitudes and provide them with the skills to create loving, long-lasting partnerships. There are so many titles in print on change because it is an ongoing challenge for most of us. So are relationships. With more than six decades of experience working with couples, we knew we had vital information, lessons, and insights to share, but we insisted that the book be short, engaging, and easy to read. sense into a format that is carefully constructed to achieve results by being communicative and consistent, enjoyable and hopeful. Unlike the textbook appearance of most self-help books that include psychological jargon, case examples and exercises, *The Art of Love: The Craft of Relationship* uses stories and dialogue to teach profound insights and valuable skills. It sticks to people talking in a way the reader can identify with and understand. It brings hope because the reader who is experiencing stress in a relationship can see that other people, like them, are, too. And, that learning a few basic skills can bring lasting change and renew love. The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust. Our mission is to appeal strongly to those who are considering a relationship, seeking to renew one, or are looking for a way to understand a partner and a process for dealing with problems in love, romance, sex, intimacy and living together.

Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence; love is what moves life. His poetry expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and

Joy of Longing; The Search; Who Am I?; The Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.

Whether you view living alone as the ultimate compromise or the ultimate luxury, it presents daily challenges, such as cooking for one, organising holidays, juggling finances, and avoiding the siren call of wine, Ugg boots and Netflix. And there are the less tangible tests, like nailing the octopus of loneliness to the wall, and holding your head high in a society where solo living is viewed (consciously or not) as the runner-up prize. Author Jane Mathews believes that to be truly content living alone, it pays to examine every aspect of your life-relationships, health, home, finances, interests and spirituality-and then take action. No matter what your unique situation, there's something here for you. Jane provides the map and you choose the route to a more joyful, contented life.
