The Impossible Just Takes a Little Longer is Art's inspiring story of his perseverance against the odds and the ways of thinking that enabled him to achieve all he has. In his captivating autobiography he explains how his physical paralysis is similar to the figurative paralysis so many of us feel - and how we can use his insights to become master of our own lives.

Difficult, Impossible, Little, Little Time, Longer, Takes, Time Quotes to Explore You can fool all the people some of the time, and some of the people all the time, but you cannot fool all the people all the time.

A postscript to this edition includes a touching letter that Berg's young daughter wrote about her father for the Books for a Better Life Awards ceremony. On December 26, 1983, Art Berg was traveling to see his fiancée when his car went off the road. A broken neck left him a quadriplegic. Doctors told Berg he would never walk, hold a job, or have children. But they could not have been more wrong. Berg was determined to prevail, and would one day wear his own Super Bowl ring. In *The Impossible Just Takes a Little Longer*, Berg recounts his harrowing and inspirational story while imparting larger lessons about life, fear, and passion. Never giving up, Art resolved to embrace life even more fully, and established a thriving career as a motivational speaker, giving more than 150 speeches each year. Tragically, Art Berg died in February 2002, but his inspiring story -- a singular vision of passion and conviction -- lives on in *The Impossible Just Takes a Little Longer*.

The author endured horrific sexual abuse of the worst kind, at the hand of her own father, and yet, thru years of struggle, prayer, God's intervention and personal growth, found the strength to forgive all and love unreservedly. The story delves into the culture of the Pennsylvania PLAIN FOLKS, and their very patriarchal society that never questioned a father's role or his authority. Journey with the author thru the trials, tribulations, scars and many pitfalls of early life during and after abuse. Learn, as she did, the POWER of God's awesome GRACE, as God continually spared her in choices that would otherwise have led to total disaster for many. Watch the chrysalis form, the caterpillar evolve into the beautiful butterfly. Not with out a sea of tears, heartaches galore, and many missed steps along the path, but in the end, God's perfect Will and Perfect Timing brings this butterfly out of the cocoon and Cinderella emerges to shine in God's love and Glory. Want a lesson in forgiveness? Want to read a romance novel that challenges the worst of the horrific hardships we see on 'made-for-TV' movies? Want to learn how to grow beyond being the victim and into being your own person that God intended? Grab a hold of this book, pour yourself a cup of tea, snuggle up and let this amazing, life changing story begin.

A story of a child who has truly beaten the odds ... Sheila was born with a rare congenital birth defect Thrombocytopenia absent radius commonly known as TAR Syndrome. Her story is moving and inspiring, as she talks about her determination to succeed in an able-bodied world. Undaunted by her

disability, this inspirational achiever has shown that when she puts her mind to something there is no stopping her. Her remarkable life story is one of overcoming adversity. As a child with a disability, society looked down on her, pitied her and never expected that she would live a full and filling independent life. Sheila's undefeatable will to succeed proved them all wrong. As a motivational speaker, Sheila's confidence and ability is spellbinding. She has made some laugh and others cry. You will remember for years to come. This dynamic individual will inspire and motivate you to make changes in your life.

The Impossible Takes a Little Longer is the story of an adventure-packed overland journey made by an inexperienced group of young men and women who set out to drive across the world to Australia and back in two old motor vehicles. The chosen route would take them through the bandit-infested areas of the famous Burma Ledo road, en route to Singapore. Their plan was to work their passage across to Australia by ship. Many problems, disappointments, and mistakes were to arise during the early planning stages. The journey was made on a very limited budget and all the equipment was basic. The vehicles used had seen better days and sponsors were few and far between. There was much sickness on the return half of the journey, which included malaria, jungle foot, hookworm, fever, guinea worm and dysentery. It was reckoned that the whole journey would take about nine months. In fact, it took twice as long. The delay in leaving Australia, which was due with shipping bound for Singapore, resulted in a late arrival in Thailand and Burma, where the group ran smack into a monsoon and suffered all the delays and hold-ups associated with it. The complete journey (London-Singapore-Australia-Singapore-London) covered a road distance of 40,000 miles, more than 5,000 miles of which were in Australia.

All the forest animals know it is impossible to make it through the Impossible Thing, but a small dog named Hugo is determined to try, inspiring hope in his friends.

"With an iron fist, the Great Library controls the knowledge of the world, ruthlessly stamping out all rebellion and in the name of the greater good forbidding the personal ownership of books. Jess Brightwell has survived his introduction to the sinister, seductive world of the Library, but serving in its army is nothing like what he envisioned. His life and the lives of those he cares for have been altered forever. His best friend is lost, and Morgan, the girl he loves, is locked away in the Iron Tower, doomed to a life apart from everything she knows. Embarking on a mission to save one of their own, Jess and his band of allies make one wrong move and suddenly find themselves hunted by the Library's deadly automata and forced to flee Alexandria, all the way to London. But Jess's home isn't safe anymore. The Welsh army is coming, London is burning, and soon Jess must choose between his friends, his family, and the Library, which is willing to sacrifice anything and anyone in the search for ultimate control"--

Before the multi-million, runaway bestseller *The Da Vinci Code*, Dan Brown set his razor-sharp research and storytelling skills on the most powerful intelligence organization on earth--the National Security Agency (NSA)--in this thrilling novel, *Digital Fortress*. When the NSA's invincible code-breaking machine encounters a mysterious code it cannot break, the agency calls its head cryptographer, Susan Fletcher, a brilliant and beautiful mathematician. What she uncovers sends shock waves through the corridors of power. The NSA is being held hostage...not by guns or bombs, but by a code so ingeniously complex that if released it would cripple U.S. intelligence. Caught in an accelerating tempest of secrecy and lies, Susan Fletcher battles to save the agency she believes in. Betrayed on all sides, she finds herself fighting not only for her country but for her life, and in the end, for the life of the man she loves. From the underground hallways of power to the skyscrapers of Tokyo to the towering cathedrals of Spain, a desperate race unfolds. It is a battle for survival--a crucial bid to destroy a creation of inconceivable genius...an impregnable code-writing formula that threatens to obliterate the post-cold war balance of power. Forever.

“Success is the point where your most authentic talents, passion, values, and experiences intersect with the chance to contribute to some greater good.” --Bill Strickland According to MacArthur Fellowship “genius” award winner Bill Strickland, a successful life is not something you simply pursue, it is something that you create, moment by moment. It is a realization Strickland first came to when, as a poor kid growing up in a rough neighborhood of Pittsburgh, he encountered a high school ceramics teacher who took him under his wing and went on to transform his life. Over the past thirty years, Bill Strickland has been transforming the lives of thousands of people through the creation of Manchester Bidwell, a jobs training center and community arts program. Working with corporations, community leaders, and schools, he and his staff strive to give disadvantaged kids and adults the opportunities and tools they need to envision and build a better, brighter future. Strickland believes that every one of us has the potential for remarkable achievement. Every one of us can accomplish the impossible in our lives if given the right inspiration and motivation to do so. We all make ourselves “poor” in one way or another when we accept that we are not smart enough, experienced enough, or talented enough to accomplish something. Bill Strickland works with the least advantaged among us, and if he can help them achieve the impossible in their lives, think what each of us can do. Among Bill Strickland’s beliefs: People are born into this world as assets, not liabilities. It’s all in the way we treat people (and ourselves) that determines a person’s outcome The sand in the hourglass flows only one way. Stop going through the motions of living--savor each and every day. Life is here and now, not something waiting for you in the future. You don’t have to travel far to change the life you’re living. Bill grew up in the Pittsburgh ghetto, four blocks from where he came to build one of the foremost job training centers in the world. He now speaks before CEOs and political leaders, church congregations and civic leaders. You only need to change your thinking to remake your world. Through lessons from his own life experiences, and those of countless others who have overcome their circumstances and turned their lives around, Make the Impossible Possible shows how all of us can build on our passions and strengths, dream bigger and set the bar higher, achieve meaningful success and help mentor and inspire the lives of others.

A middle-grade fantasy and nonstop adventure, *The Train to Impossible Places* by debut author P. G. Bell is as fun as it is full of heart, and the first book of a trilogy. A train that travels through impossible places. A boy trapped in a snow globe. And a girl who’s about to go on the adventure of a lifetime. The Impossible Postal Express is no ordinary train. It’s a troll-operated delivery service that runs everywhere from ocean-bottom shipwrecks, to Trollville, to space. But when this impossible train comes roaring through Suzy’s living room, her world turns upside down. After sneaking on board, Suzy suddenly finds herself Deputy Post Master aboard the train, and faced with her first delivery—to the evil Lady Crepuscula. Then, the package itself begs Suzy not to deliver him. A talking snow globe, Frederick has information Crepuscula could use to take over the entire Union of Impossible Places. But when protecting Frederick means putting her friends in danger, Suzy has to make a difficult choice—with the fate of the entire Union at stake.
