In The Meursault Investigation, the "stranger" is fully developed, at once resented, loved and mourned. The tone is searing (v. Stranger's detachment); the language equally sparse. "The Meursault Investigation is a complex and subtle reckoning with the legacy of colonialism and the silences it imposes. Although the novel was conceived in the shadow of Camus' The Stranger, readers realize quickly that it haunts those shadows not because it lacks its own light, but because Daoud wants to plumb the depths of that darkness to tell a story that demands to be heard.

Seventy years after that event, Harun, who has lived since childhood in the shadow of his sibling's memory, refuses to let him remain anonymous: he gives his brother a story and a name-Musa-and describes the events that led to Musa's casual murder on a dazzlingly sunny beach. In a bar in Oran, night after night, he ruminates on his solitude, on his broken heart, on his anger with men desperate for a god, and on his disarray when faced with a country that has so disappointed him. A stranger among his own people, he wants to be granted, finally, the right to die. The Stranger is of course central to Daoud's story, in which he both endorses and criticizes one of the most famous novels in the world. A worthy complement to its great predecessor, The Meursault Investigation is not only a profound meditation on Arab identity and the disastrous effects of colonialism in Algeria, but also a stunning work of literature in its own right, told in a unique and affecting voice.

A fable, parable, and confession, the second novel from the acclaimed author of The Meursault Investigation pays homage to the essential need for fiction and to the freedom from tradition afforded by an adopted language. Having lost his mother and been shunned by his father, Zabor grows up in the company of books, which teach him a new language. Ever since he can remember, he has been convinced that he has a gift: if he writes, he will stave off death; those captured in the sentences of his notebooks will live longer. Like a kind of inverted Scheherazade saving his fellow men, he experiments night after night with the delirious power of the imagination. Then, one night, his estranged half brother and the other relatives who would disown him come knocking at the door: his father is going to die and perhaps only Zabor is capable of delaying that fateful moment. Sitting next to the father who has ostracized him, the son writes compulsively, retracing an existence characterized by strangeness, abandonment, and humiliation, but also by wondrous encounters with fictional worlds that he alone in the entire village can access.

"A National Book Award-finalist biographer tells the story of how a young man in his 20s who had never written a novel turned out a masterpiece that still grips readers more than 70 years later and is considered a rite of passage for readers around the world, "--Novelist.

A nameless narrator passes through her life, searching for meaning and connection in experiences she barely feels. For her, time and identity blur, and all action is reaction. She can't quite understand what motivates others to take life seriously enough to focus on anything--for her existence is a loosely woven tapestry of fleeting concepts. From losing her virginity to mindless jobs and a splintered, unsupportive family, the lessons learned have less to do with the reality we all share and more to do with the truth of the imagination, which is where the narrator focuses to discover herself.

A compelling war novel, as seen by women, sheds light on the current Iraq conflict.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

This engaging collection of essays showcases the extraordinary passion, insight, and range of Kamel Daoud, bestselling author of The Meursault Investigation. Kamel Daoud has been a journalist for more than twenty years, writing the most-read column in Algeria, in Le Quotidien d'Oran, while also collaborating on various online media and contributing to foreign publications such as the New York Times. During the 2010-2016 period, he put his name to almost two thousand texts--first intended for the Algerian public, then read more and more throughout the world as his reputation grew. Whether he is criticizing political Islam or the decline of the Algerian regime, embracing the hope kindled by Arab revolutions or defending women's rights, Daoud does so in his own inimitable style: at once poetic and provocative, he captures his devoted followers with fresh, counterintuitive arguments about the nature of humanity, religion, and liberty.

SHERAZADE, AGED 17, DARK CURLY HAIR, GREEN EYES, MISSING Sherazade is seventeen, Algerian, and a "runaway in Paris. Although she has no morals, no scruples, no politics, no apparent emotional depth and little education, Sherazade remains curiously unattached but innocent in the city's underworld of drop-outs, outcasts, political activists and junkies. With honesty and lyricism this novel exposes the various issues that affect a young woman living in a city which is both sophisticated and provincial, liberal and conservative, tolerant and prejudiced. In Paris, Sherazade is pursued by Julian, the son of French-Algerians who is an ardent Arabist. Pigeon-holed by Julian into the "traditional exotic mold, Sherazade endeavors to create her own definition of Algerian "femininity and in doing so breaks down conventions and stereotypes. It is Julian's obsession with her that spurs her on to self-discovery and to make decisions about her future. Sherazade is about a young woman haunted by her Algerian past. It is a powerful account of a person who searches for her true identity but is caught between worlds--Africa and Europe, her parents' and her own, colony and capital. Ultimately it is an "account of possession, identity and the realities of urban life today and what can happen when society fails to acknowledge its younger generations.
