Toxic mold lawsuits are particularly complicated, as they often involve multiple causes of action, can implicate a wide range of potential defendants, and require specific medical and scientific expertise. Most toxic mold lawsuits against building owners and landlords are settled before trial, but those filed against homeowner's insurance providers typically are resolved at trial.

building code rules, contact the local building code office before allowing the contractor to start work. How can I verify that a Mold Assessor or Mold

Mold Assessment and Remediation in New York State
Section 1: Provide the address of the subject building (house number, street name and borough) and the number of dwelling units it contains. If the subject building has more than two dwelling units or two dwelling units but neither the owner nor his/her family reside at the property, you must indicate the Property Registration number.

The City of New York DEPARTMENT OF HOUSING
PRESERVATION ...

If a judge or jury agrees that the landlord negligently created a mold problem or allowed one to continue at a property, the landlord could be on the hook for any harm. For example, a long-time tenant at a New York City apartment building complained to her landlord after she discovered signs of mold on her apartment walls, which her doctor ...
