The Sense of an Ending (film) - Wikipedia

The Sense of an Ending begins with a set of disjointed images—all memories of Tony Webster, the narrator and protagonist—beginning with a “shiny inner wrist” and ending with cold bathwater behind a locked door. Tony reflects that he still doesn’t understand time very well, even though it’s formed and molded him.

The Sense of an Ending (2017) - Plot Summary - IMDb

The end of Barnes’ book shows us Tony trying to make sense of Adrian’s end, but also his own life as it nears its unsatisfactory ending. As a title, it seems to have so many appropriate connotations – possibly, contentiously, that Adrian’s decision to end his life makes sense.

Julian Barnes, The Sense of an Ending. Posted at 10:15h in Observations by VAT. Share ... History is a story that makes sense of ambiguous memories and facts. The story is more powerful, reasonable and meaningful than the memories and facts, to the point that it supplants both.

Julian Barnes, The Sense of an Ending - I am who I am Lam ...

The Sense of an Ending takes its name from a 1967 book of literary criticism by Frank Kermode, which studies how fiction imposes cohesive structures and coherent narratives onto what might otherwise seem like chaos, especially in uncertain times of history. Barnes’s novel is similarly concerned with how all people, not just writers, construct certain selective narratives about themselves and ...

Kermode’s topic, that things of this life require a sense that a beginning and an ending exist, feels on first glance absolutely correct all the time. But his claim that we need definitive endpoints to feel a sense of purpose works for novels (the genre he discusses most frequently) does not necessarily show itself true in the short story genre.

The Sense of an Ending - DonDeLillo

Winner of the 2011 Man Booker Prize By an acclaimed writer at the height of his powers, The Sense of an Ending extends a streak of extraordinary books that began with the best-selling Arthur & George and continued with Nothing to Be Frightened Of and, most recently, Pulse. This intense new novel follows a middle-aged man as he contends with a past he has never much thought about—until his closest childhood friends return with a vengeance, one of them from the grave, another maddeningly present. Tony Webster thought he’d left all this behind as he built a life for himself, and by now his marriage and family and career have fallen into an amicable divorce and retirement. But he is then presented with a mysterious legacy that obliges him to reconsider a variety of things he thought he’d understood all along, and to revise his estimation of his own nature and place in the world. A novel so compelling that it begs to be read in a single sitting, with stunning psychological and emotional depth and sophistication, The Sense of an Ending is a brilliant new chapter in Julian Barnes’s oeuvre.

Winner of the 2011 Man Booker Prize and #1 international bestseller, The Sense of an Ending is a masterpiece. The story of a man coming to terms with the mutable past, Julian Barnes's new novel is laced with his trademark precision, dexterity and insight. It is the work of one of the world's most distinguished writers. Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they navigated the girl drought of gawky adolescence together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they swore to stay friends forever. Until Adrian's life took a turn into tragedy, and all of them, especially Tony, moved on and did their best to forget. Now Tony is in middle age. He's had a career and a marriage, a calm divorce. He gets along nicely, he thinks, with his one child, a daughter, and even with his ex-wife. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove. The unexpected bequest conveyed by that letter leads Tony on a dogged search through a past suddenly turned murky. And how do you carry on, contentedly, when events conspire to upset all your vaunted truths?

'A masterpiece... I would urge you to read - and re-read' Daily Telegraph **Winner of the Man Booker Prize for Fiction 2011** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove. Now a major film

Follows a middle-aged man as he reflects on a past he thought was behind him, until he is presented with a legacy that forces him to reconsider different decisions, and to revise his place in the world.

Frank Kermode is one of our most distinguished critics of English literature. Here, he contributes a new epilogue to his collection of classic lectures on the relationship of fiction to age-old concepts of apocalyptic chaos and crisis. Prompted by the approach of the millennium, he revisits the book which brings his highly concentrated insights to bear on some of the most unyielding philosophical and aesthetic enigmas. Examining the works of writers from Plato to William Burrows, Kermode shows how they have persistently imposed their "fictions" upon the face of eternity and how these have reflected the apocalyptic spirit. Kermode then discusses literature at a time when new fictive explanations, as used by Spenser and Shakespeare, were being devised to fit a world of uncertain beginning and end. He goes on to deal perceptively with modern literature with "traditionalists" such as Yeats, Eliot, and Joyce, as well as contemporary "schismatics," the French "new novelists," and such seminal figures as Jean-Paul Sartre and Samuel Beckett. Whether weighing the difference between modern and earlier modes of apocalyptic thought, considering the degeneration of fiction into myth, or commenting on the vogue of the Absurd, Kermode is distinctly lucid, persuasive, witty, and prodigal of ideas.

A kind of detective story, relating a cranky amateur scholar's search for the truth about Gustave Flaubert, and the obsession of this detective whose life seems to oddly mirror those of Flaubert's characters.

A compact masterpiece dedicated to the Russian composer Dmitri Shostakovich: Julian Barnes's first novel since his best-selling, Man Booker Prize-winning The Sense of an Ending. In 1936, Shostakovich, just thirty, fears for his livelihood and his life. Stalin, hitherto a distant figure, has taken a sudden interest in his work and denounced his latest opera. Now, certain he will be exiled to Siberia (or, more likely, executed on the spot), Shostakovich reflects on his predicament, his personal history, his parents, various women and wives, his children—and all who are still alive themselves hang in the balance of his fate. And though a stroke of luck prevents him from becoming yet another casualty of the Great Terror, for decades to come he will be held fast under the thumb of despotism: made to represent Soviet values at a cultural conference in New York City, forced into joining the Party and compelled, constantly, to weigh appeasing those in power against the integrity of his music. Barnes elegantly guides us through the trajectory of Shostakovich's career, at the same time illuminating the tumultuous evolution of the Soviet Union. The result is both a stunning portrait of a relentlessly fascinating man and a brilliant exploration of the meaning of art and its place in society.

The Sense of an Ending - DonDeLillo

Only the author of Flaubert's Parrot could give us a novel that is at once a note-perfect rendition of the angsts and attitudes of English adolescence, a giddy comedy of sexual awakening in the 1960s, and a portrait of the accommodations that some of us call "growing up" and others "selling out."

One of the Best Books of the Year: San Francisco Chronicle, Financial Times Most of us have only one story to tell . . . only one that matters, only one finally worth telling. This is mine. One summer in the sixties, in a staid suburb south of London, nineteen-year-old Paul comes home from university and is urged by his mother to join the tennis club. There he’s partnered with Susan Macleod, a fine player who’s forty-eight, confident, witty, and married, with two nearly adult daughters. She is a warm companion, her bond with Paul immediate. And soon, inevitably, they are lovers. Basking in the glow of one another, they set up house together in London. Decades later, Paul looks back at how they fell in love and how—gradually, relentlessly—everything fell apart. As he turns over his only story in his mind, examining it from different vantage points, he finds himself confronted with the contradictions and slips of his own memory—and the ways in which our narratives and our lives shape one another. Poignant, vivid and profound, The Only Story is a searing novel of memory, devotion, and how first love fixes a life forever.
