"In "The Two Kinds of Decay," Sarah Manguso has miraculously elevated the act of memory. She has found honesty, fear, longing and beauty in every moment of her young life, giving this book an intensity found nowhere else. You put it down panting with wonder and grief, but never with pity. A breakthrough in the memoir, and in writing."

In prose both spare and unsparing, Sarah Manguso captures the upheaval of corporeal crisis as only a poet could. "The Two Kinds of Decay" is comprised of short vignettes, which "can be held in the eye comfortably, at middle distance," and untangles the author's nine year process of getting sick and well from CIDP (a form of Guillain-Barre syndrome).

There are two main tooth decay causes: Certain types of bacteria which are found in dental plaque. Plaque is that thin, white film that is constantly forming on your teeth after you brush (if you haven't brushed in a few hours- scrape them with a fingernail and see what comes off). When these bacteria feed, they produce a harmful acid which erodes and destroys the tooth structure and can lead to cavities.

A Spare and Unsparing Look at Affliction and Recovery that Heralds a Stunning New Voice The events that began in 1995 might keep happening to me as long as things can happen to me. Think of deep space, through which heavenly bodies fly forever. They fly until they change into new forms, simpler forms, with ever fewer qualities and increasingly beautiful names. There are names for things in spacetime that are nothing, for things that are less than nothing. White dwarfs, red giants, black holes, singularities. But even then, in their less-than-nothing state, they keep happening. At twenty-one, just starting to comprehend the puzzles of adulthood, Sarah Manguso was faced with another: a wildly unpredictable disease that appeared suddenly and tore through her twenties, vanishing and then returning, paralyzing her for weeks at a time, programming her first to expect nothing from life and then, furiously, to expect everything. In this captivating story, Manguso recalls her nine-year struggle: arduous blood cleansings, collapsed veins, multiple chest catheters, the deaths of friends and strangers, addiction, depression, and, worst of all for a writer, the trite metaphors that accompany prolonged illness. A book of tremendous grace and self-awareness, *The Two Kinds of Decay* transcends the very notion of what an illness story can and should be.

A book of tremendous grace and humour, *The Two Kinds of Decay* transcends the very notion of what an account of illness can and should be.

At 21, Manguso was faced with a wildly unpredictable disease that appeared suddenly, paralyzing her for weeks at a time. In this captivating story, she recalls her nine-year struggle with arduous blood cleansings, collapsed veins, multiple chest catheters, addiction, and depression.

Three narratives intertwine to tell a tale of escalating madness and heroism: A lone renegade in the future, living as an exile on a starship that comes under attack. A miserable 21st C. philosopher sinking into madness as he tries to solve the problems of humanity. A girl unbound by time, who fleets through epochs as a mystical wanderer.

Teaching a child to tell time is quite challenging. How can you put into words a good explanation as to why numerals are to be read in many ways? When introducing the concept, start with the use of an analog clock because it gives the concept of change through the moving hands. This educational book is perfect for little learners. If Only In My Dreams – Jilted in North Pole, Alaska, café owner Amelia Beckett's bad man-karma has struck again! She wants out of this cutesy town—until a snarling, injured fox in her backyard sends her running to strong, silent neighbor and café regular, Wes Curtis. Wes moved to Alaska after his wife died, not expecting he'd need to brush up admittedly rusty dating skills. But moonlit nights spent helping beautiful, skittish Amelia and the fox relax and heal make him determined to convince Amelia she belongs in Alaska—with him What Child is This? - Hope Grayson's six-year-old daughter clearly wants a daddy for Christmas. Eli Thompson has never forgotten Hope, realizing just how much he's missed her. When he unexpectedly shows up to help in the clinic, Hope is stunned. She wants to protect her daughter and her heart, but is it possible Eli is the perfect Christmas present for them both?

Now a classic, this is the fundamental text for those seeking a "Spiritual Understanding of Nature on the Basis of Goethe's Method of Training Observation and Thought." Working out of a detailed history of science, Lehrs reveals to the reader not only how science has been inescapably led to the illusions it holds today, but more importantly, how the reader may correct in himself these misconceptions brought into his world view through modern education.

The White Seed Brings Life to Worlds Three thousand years ago, the seeds arrived from Earth on hundreds of worlds. The developed worlds formed the Network, connected only by radio and laser. Since the time of the seeds, nothing but information has traveled between the stars. Now a starship, The Child of Ambition, is changing that. Her first mission: to

explore the dark worlds, the ones that failed. Kali Hakoian, pilot-astronaut and war hero, thought landing on the super-Earth of Keto would be routine. The emptiest seed world—its global ocean matted with algae and crawling with hurricanes—hides the oldest human ruins. Her crew of scientists: a dreamer, a believer, and a retired assassin. Their hypothesis—self-termination of the seed base. But when an act of sabotage strands her in the path of a superstorm, she's forced to escape with the man she trusts the least. They may never find out what happened to the settlers—unless it happens to them. Can she trust her crew enough to find a way out of the darkness?

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.
