Planned, developed and written by practising classroom teachers with a wide variety of experience in schools, this maths course has been designed to be enjoyable and motivating for pupils and teachers. The course is open and accessible to pupils of all abilities and backgrounds, and is differentiated to provide material which is appropriate for all pupils. It provides spiral coverage of the curriculum which involves regular revisiting of key concepts to promote familiarity through practice. This book, designed for the higher level of the GCSE, adheres to the Edexcel specification.

This book contains a print-out of papers freely available from www.bland.in The workbook is written in the style of the Edexcel GCSE 9-1 1MA1 question types. The books in this series contain topics that are related and so make study much easier. They fit easily into a school bag and so save having to carry the heavy full book around. The exam is now harder and some of the topics are new to GCSE Maths. However you can get help by buying the Model Answers which show all the working and full explanations from: www.bland.in

A new series of bespoke, full-coverage resources developed for the 2015 GCSE Mathematics qualifications. Endorsed for the Edexcel GCSE Mathematics Foundation tier specification for first teaching

answers at the back of the book, with detailed step-by-step worked solutions for ALL questions available for free online.

Test questions are provided for each chapter of this textbook, together with detailed mark schemes to make assessment easy. Two versions of each question are provided. One allows pupils to write their answers in the spaces provided and the other requires pupils to have separate writing paper. Questions can be grouped according to needs. Master grids are provided to cut and paste tests together in a consistent format to use the resource in any order. Chapter tests can be grouped to form a module test after chapters. End-of-chapter examinations can also be produced in this way. A free non-calculator supplement organized by unit/chapter is also included in this resource.

This study aid contains all the key information that students need to succeed in their Edexcel AS Maths Core 2 module. Clear explanations and worked examples are accompanied by Essential notes and Exam tips. Find practice exam questions with fully worked answers, as well as guidance from examiners on securing top marks. Collins Student Support Materials for Edexcel AS Maths Core 2 covers all the content and skills your students will need for their Core 2 examination, including: * Algebra and functions * Coordinate geometry in the (x, y) plane * Sequences and series * Trigonometry * Exponentials and logarithms * Differentiation * Integration * EXAM PRACTICE * Answers
