"[Jason Pargin] has updated the Lovecraft tradition
and infused it with humor that rather than lessening
the horror, increases it dramatically. Every time I set
the book down down, I was wary that something
really was afoot, that there were creatures I couldn't
see, and that because I suspected this, I was next.
Engaging, comic, and terrifying." —Joe Garden,
Features Editor, The Onion "[Pargin] is like a mash-up
of Douglass Adams and Stephen King... 'page-turner'
is an understatement." —Don Coscarelli, director,

genuinely scary story." —David Wellington, author of *Monster Island*, *Vampire Zero* "JOHN DIES AT THE END" has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." —Jacob Kier, Publisher, Permuted Press STOP.

You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

The best way to learn history is to visualize it! Since 1998, Josh MacPhee has commissioned and produced over one hundred posters by over eighty artists that pay tribute to revolution, racial justice, women's rights, queer liberation, labor struggles, and creative activism and organizing. Celebrate People's History! presents these essential moments—acts of resistance and great events in an often hidden history of human

and civil rights struggles—as a visual tour through decades and across continents, from the perspective of some of the most interesting and socially engaged artists working today. Celebrate People's History includes artwork by Cristy Road, Swoon, Nicole Schulman, Christopher Cardinale, Sabrina Jones, Eric Drooker, Klutch, Carrie Moyer, Laura Whitehorn, Dan Berger, Ricardo Levins Morales, Chris Stain, and more.

A modern masterpiece, *The Godfather* is a searing portrayal of the 1940s criminal underworld. It is also the intimate story of the Corleone family, at once drawn together and ripped apart by its unique position at the core of the American Mafia.

A Maze of Death is a sci-fi murder mystery set on a mysterious planet, with a twist ending that leaves the reader wondering just what they've been witnessing the whole time.

"Harsh and ingenious! *High Rise* is an intense and vivid bestiary, which lingers unsettlingly in the mind."
—Martin Amis, *New Statesman* When a class war erupts inside a luxurious apartment block, modern elevators become violent battlegrounds and cocktail parties degenerate into marauding attacks on "enemy" floors. In this visionary tale, human society slips into violent reverse as once-peaceful residents, driven by primal urges, re-create a world ruled by the laws of the jungle.

The stories that inspired the original dramatic series. Though perhaps most famous as a novelist, Philip K. Dick wrote more than one hundred short stories over the course of his career, each as mind-bending and genre-defining as his longer works. Philip K. Dick's *Electric Dreams* collects ten of the best. In "Autofac," Dick shows us one of the earliest examples (and warnings) in science fiction of self-replicating machines. "Exhibit Piece" and "The Commuter" feature Dick exploring one of his favorite themes: the shifting nature of reality and whether it is even possible to perceive the world as it truly exists. And "The Hanging Stranger" provides a thrilling, dark political allegory as relevant today as it was when Dick wrote it at the height of the Cold War. Strange, funny, and powerful, the stories in this collection highlight a master at work, encapsulating his boundless imagination and deep understanding of the human condition.

In this Hugo Award-winning alternative history classic—the basis for the Amazon Original series—the United States lost World War II and was subsequently divided between the Germans in the East and the Japanese in the West. It's America in 1962. Slavery is legal once again. The few Jews who still survive hide under assumed names. In this world, we meet characters like Frank Frink, a dealer of counterfeit Americana who is himself hiding his Jewish ancestry; Nobusuke Tagomi, the Japanese trade minister in San Francisco, unsure of his standing within the

bureaucracy and Japan's with Germany; and Juliana Frink, Frank's ex-wife, who may be more important than she realizes. These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne Abendsen, a mysterious and reclusive author, whose best-selling novel describes a world in which the US won the War... *The Man in the High Castle* is Dick at his best, giving readers a harrowing vision of the world that almost was. "The single most resonant and carefully imagined book of Dick's career." —New York Times

The *Altering Eye* covers a "golden age" of international cinema from the end of WWII through to the New German Cinema of the 1970s. Combining historical, political, and textual analysis, the author develops a pattern of cinematic invention and experimentation from neorealism through the modernist interventions of Jean-Luc Godard and Rainer Maria Fassbinder, focusing along the way on such major figures as Luis Bunuel, Joseph Losey, the Brazilian director Glauber Rocha, and the work of major Cuban filmmakers. Kolker's book has become a much quoted classic in the field of film studies providing essential reading for anybody interested in understanding the history of European and international cinema. This new and revised edition includes a substantive new Preface by the author and an updated Bibliography."
