'Submissive Volume 2', is a must read for any women considering exploring their submissive side. This book goes places that will surprise some and possibly shock others-as it is never anything less than candid. The 15 selected interviews here were conducted over a 10-year period, by the BDSM magazine publisher and writer, Roy Turner and offer a full, frank and totally unique insight into the real world of the lifestyle submissive. It certainly isn't some E L James 'Fifty Shades of Grey' or Nancy Friday 'My Secret Garden', etc fantasy-fest, what it does show is that those stereotypes-if they exist at all, are just not at all representative of the experiences related here. Like her male counterpart, the submissive female comes in all types; she can quite often be a highly successful career woman in 'real' life that simply craves the occasional release from responsibility that comes through role-play, or a women who throws herself headlong into the lifestyle 100%. There was also a tendency to separate 'Husbands/Lovers' from 'Masters' and carry on a double-life either with or without their partner's knowledge or consent. But there is also a much darker side too that is not found so much in the male submissive; a truly dangerous area that some women willingly step into. These women certainly 'walk the talk'; whether it is extreme role-play, slave training, pony-girl, enforced servitude and prostitution, abduction or even kidnapping. Consequently, some of the experiences related here could be considered extremely shocking and genuinely disturbing. It's definitely not one for the faint-hearted! For many interviewees, the need for domination had its roots, not surprisingly, in childhood. An authoritarian, even brutal, father-who went way beyond the occasional spanking, etc, started a trend, which they sought to recreate in future relationships. But other subjects found themselves instinctively drawn to it for reasons less explicable, certainly not out of diminished self-esteem or anything that obvious. In many of the stories told, the division between controlled and controller becomes blurred, in other words, the so-called submissive is actually directing the scenario. By far the most popular and powerful scenario for most women was the idea of being used by two or more men, total humiliation and degradation often being the key driver. Take a peak and use the 'Look Inside', feature and get to read a free sample of the book... 'Dominatrix' (Volume 1), is an exploration into the largely hidden world of the sadomasochistic female, along with Volume 2, it offers the definitive and most broad-ranging international study of the subject ever undertaken. Conducted over a 10-year period, by the BDSM magazine publisher and writer, Roy Turner, these eBooks offer a full, frank and totally unique insight into the real world of the dominatrix, those who work within the 'sex industry', as well as those who live out the 'Fem/Dom' lifestyle in private. Mistress Antoinette reveals her Spanish clients were into 'religious' punishments whereas in England the number of men here who have a 'knicker' fetish continually amazes her. Interestingly enough, black knickers seem to be the big turn-on with men in England, whereas in Catholic Spain it is nearly always virginal white knickers that perhaps unsurprisingly, are the most popular. And, Mistress Brigitte of the Dutch SM-Studio Phoenix, who form a very happy extended S&M 'family' comprising of a married Mistress and Master together with their male and female slaves who live, work and play together. And even do the baby-sitting and the school-run! For the dedicated fetishist, no trip to the German city of Munich would be complete without a stopover at the studio of Lady Claudette; otherwise rather aptly named 'Bizzarradise'. The true connoisseur of outrageous eroticism will find everything on offer and even the more unusual tastes happily accommodated in this liberal, or rather less conservative, oasis of traditionally ultra right-wing Bavaria. The no-nonsense, business like approach of Mistress Jacqueline, is typical of American dominants. Her autobiography, 'Whips and Kisses', as well as her many TV appearances, mail order company and lecture tours Jacqueline has established herself as quite a formidable force on the American fetish scene. Tokyo born Mistress Midori is the daughter of a Japanese mother and German-American father. Both her parents are university professors. Following a varied and successful career in the United States Army and in commerce, see how she found herself a professional dominatrix in San Francisco. As her name suggests, Miss Spiteful's interests definitely lean toward the hard-core end of the SM spectrum, including the nailing of foreskins to tables and the burning of swastika's into flesh with cigarettes. She is also a leading practitioner of the intricate art of Japanese rope bondage. Despite her predilections for the more extreme forms of game-playing, she strictly adheres to the limits of safety and consensuality, practicing her dungeon crafts in South London. Plus, many other revealing interviews with professional and lifestyle mistresses including the Chinese Dominatrix, Mai-Ling. Mistresses; Adelle, Andria, Christine Deering, Cassandra Payne, Dominique, Eva, Hades, Rowena, Xena. Goddesses, Venus and Dianna Vesta, plus Lady Amber and Madam Karra. Publisher's Note: This eBook contains explicit sexual content, graphic language, and situations that some readers may find objectionable. It is intended for an adult audience.

Publisher Description

This second volume of Alfred Hitchcock's reflections on his life and work and the art of cinema contains material long out of print, not easily accessible, and in some cases forgotten or unknown. Edited by Sidney Gottlieb, this new collection of interviews, articles with the great director's byline, and "as-told-to" pieces provides an enlivening perspective on a career that spanned seven decades and transformed the history of cinema. In writings and interviews imbued with the same exuberance and originality that he brought to his films, Hitchcock ranges from accounts of his own life and experiences to provocative comments on filmmaking techniques and cinema in general. Wry, thoughtful, witty, and humorous—as well as brilliantly informative and insightful—this volume contains much valuable material that adds to our understanding and appreciation of a titan who decades after his death

remains one of the most renowned and influential of all filmmakers. François Truffaut once said that Hitchcock “had given more thought to the potential of his art than any of his colleagues.” This profound contemplation of his art is superbly captured in the pieces from all periods of Hitchcock’s career gathered in this volume, which reveal fascinating details about how he envisioned and attempted to create a “pure cinema” that was entertaining, commercially successful, and artistically ambitious and innovative in an environment that did not always support this lofty goal.

Hi, I'm a film director / writer / producer and publisher. I've published SPFX (Special Effects Magazine) since 1976. Over the past 45 years I've been collecting candid, behind the scenes photos from science-fiction and horror films. I figured it's time to put some of this collection in a few books. I also have many interviews and articles with our favorite actors and filmmakers including stop motion pioneer Ray Harryhausen and George Pal. Also actors Ben "Creature" Chapman and Kenneth (The Thing) Tobey. So, now it's time to travel back in time with me and check out some of your favorite monsters in a way you've never seen them before.

Presents collections of articles that cover the history of comic books along with interviews with notable cartoonists.

Welcome to Candid Conversations with Connie, Volume 2! And these conversations are going to be very candid. In this book we’re only taking questions from girls! Yep, they can ask whatever they want, and I will answer from my vast knowledge and experience. (Well . . . maybe not vast.) If I don’t know the answer, I’ll ask my friend Penny. We’ve been where you are, and we know what it’s like. You’re not a little girl anymore, but you’re still years off from adulthood. You still like to play, but you also enjoy having long conversations with friends. You sometimes want to cuddle on your mom’s lap, and other times you wish she would just leave you alone. All that’s pretty normal, and you’ll see that from the questions we’re answering.

This second comprehensive and scholarly volume of over 500 pages on the life and work of Andres Segovia contains a biography of the years 1958-1987 and focuses on Segovia's rendition of Spanish/Romantic and Contemporary/Neo-Classical masterpieces by Tárrega, Albeniz, Granados, Llobet and Ponce. A special appendix in each volume presents the original scores for the Segovia editions discussed in the text, some of which have never been published, as well as modern editions of these pieces. Includes access to an online audio recording by Gerard Garno.
